Chesterfield v. Sheffield Wednesday

PROGRAMME ... SIXPENCE

Dan Newton, Whittington Moor Printing Works, Chesterfield

The long-awaited evening has at last arrived ! After a great deal of frustration and disappointment that we could not have this occasion during our Centenary Year we can record, however, that it is the 100th year for our most welcome visitors, Sheffield Wednesday.

Over the many years of the 100 together there has always existed a close bond of friendship between the clubs. How fitting therefore they are with us this evening !

We extend our good wishes and greetings to them, and hope where they stand in the Football League today—at the top—will be their well-earned position at the season's end.

We had high hopes of promotion during our Centenary Year, but it would be most welcome to gain promotion whilst Wednesday are heading the First Division.

Our Official Opener tonight is no stranger to Chesterfield. Sir Stanley Rous, C.B.E., has visited our ground on many occasions and we are delighted to see and welcome him again.

To all our guests and visitors we extend cordial greetings, and hope that in soccer events for season 1967-68 the visit to Saltergate will be a happy memory.

To our loyal band of supporters we also say " Thank you," and hope your wishes will be realised in gaining Division Three and onwards to our acknowledged rightful place in the Second Division.
